

THE FLYNN REPORT

December 6, 2005

For your information after a great event in Greenville on November 29th the Greenville Herald Banner ran this front page story. A Big Endorsement for the Flynn reelection campaign.

I am very excited about seeking another term to the Texas Legislature. We were able to have accomplished a great deal during the past year, such as asbestos litigation reform, workmen comp reform, major methamphetamine legislation, eminent domain protections, parental consent, protection of marriage and Adult and Child Protective Services improvements plus many more state and local improvements. On the other hand we have some unfinished business to attend to, such as revamping the tax code and how the state provides school finance while still providing meaningful property tax relief. I will continue to work toward a resolution of both of these issues.

Being a full time representative and serving House District 2 is an important part of Susan's and my life. I see my life experiences as allowing me to understand a broad range of issues and make key policy decisions for the constituents of District 2 and the State of Texas. My goals will be to maintain my strong conservative values and hold to my principles. The voters of District 2 have told me they desire a representative that listens and considers their concerns, yet remains faithful to his core beliefs. The citizens of Hunt, Rains and Van Zandt County can continue to expect that from me.

Thank you for your continued support.

May God bless,
Dan Flynn
State Representative - House District 2
