

Dan Flynn believes in strong traditional family values.

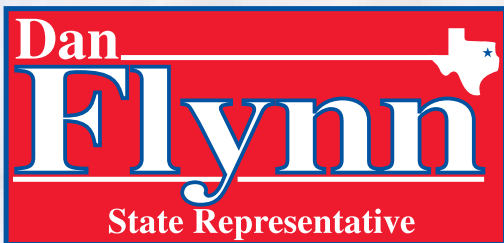

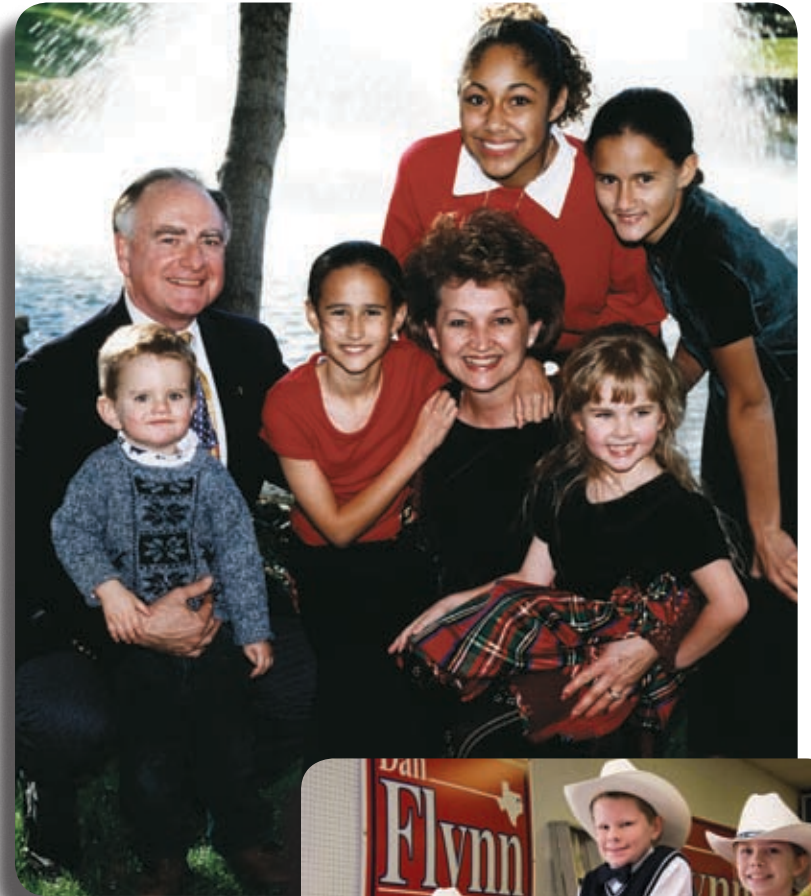

As reported in Greenville Herald Banner, November 30, 2005:

"The fact of the matter is, ideas do matter, rhetoric does matter, actions do matter. That is the reason why we need to stand up for those values day in and day out. That is the reason it is so important to have Dan Flynn back in Austin."

—Rick Perry, Governor of Texas

"As a believer in true conservative values, I count Representative Dan Flynn as a fighter for faith, family, and freedom. We need Dan in the Texas House to continue serving district 2 and all Texans. Please join me in support of Dan Flynn."

—Michael Williams,
Railroad Commissioner

Keep Dan Flynn as Our State Representative.

Faith Family Freedom

Dan co-authored Prop. 2, Marriage Amendment...

Co-Author HJR6, 79th Session

Friends,

What an honor it was to co-author HJR6, Proposition 2 – The Marriage Amendment, in this past session. Standing up for traditional family values will always be a high priority for me while representing you in the Texas House of Representatives.

I am very thankful that we passed a parental consent bill for minor girls who may be considering an abortion, passed tougher laws on online sexual solicitation of a minor, and passed laws holding adults accountable for facilitating the intoxication of minor children who cause damage while intoxicated. In addition we passed major protection for private property rights in Texas.

I was raised on values like faith, family, and freedom.. values we all share as Texans. As I learned growing up, honor and respect are what matter most in a family. For

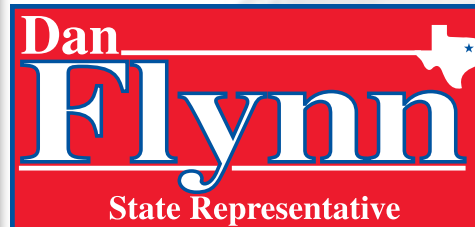

decades, you and your generation have worked hard at making America great. I believe I should work hard for you in Austin with the same persistence, integrity, and dignity you have given.

We're family in Texas, and strong families make strong communities. That's why I'm fighting to ensure the best for you and your family.

Thank you and I ask for your vote in the upcoming General Election.

God bless you and God bless Texas,

Vote November 7th
