## **Rep. Flynn Announces Legislative Sportsman's Caucus to host Bass Tournament at Lake Fork**

**Canton, TEXAS** — Representative Dan Flynn is proud to announce that the Texas Legislative Sportsman's Caucus will host a Bass Tournament on June 15 and 16 at the Lake Fork Marina in Alba, Texas. In attendance will be Sen. Glenn Hegar (R-Katy), Chairman of the Caucus and the Sunset Advisory Commission, as well as Rep. Bryan Hughes (R-Mineola) and many other members of the Texas Legislature.

The Texas Legislative Sportsman's Caucus has a long tradition of promoting and supporting environmental and sportsman-related issues. It is the intent of the Caucus to demonstrate the importance of such outdoor facilities as the Lake Fork Marina to both the Texas House and Senate members in attendance.

"In having this event, we hope to build a good foundation for future communication between members of the Texas Parks & Wildlife Department and the Texas Legislature," stated Flynn. "This event is also a unique opportunity for the local residents and Lake Fork enthusiasts to explain what an incredible asset this body of water is to our state."

Lake Fork Marina & Motel is a full service fishing resort serving guests for over 25 years. The Lake Fork Reservoir is located 65 miles east of Dallas on the Lake Fork Creek, a major tributary of the Sabine River between Quitman, Alba, Emory, and Yantis, Texas. At 27,690 acres and 315 miles of shoreline, Lake Fork is one of the 10 largest lakes in Texas. Completed by the Texas Parks and Wildlife in 1980, Lake Fork was designed as a premier bass fishing lake and currently holds records for 34 out of the Top 50 largemouth bass caught in Texas. Lake Fork offers excellent fish habitat with 80% standing timber left intact, and hydrilla, milfoil, and duckweed being the predominant vegetation.

"Lake Fork is one of the best bass fishing lakes in Texas and the nation. Spending a few days on-site will also give participants a first-hand look at what all Lake Fork has to offer," commented Flynn.

Rep. Flynn encourages all statewide elected officials to attend. For more information on the event, contact Jenni Franks at (512) 463-0880.
