Rep. Flynn Supports SBOE's Recent Adoption of Resolution

AUSTIN, TEXAS — Recently, The Texas State Board of Education (SBOE) adopted a resolution that cautions textbook publishers to provide fair treatment of the world's religions or to be prepared to lose sales by the state that buys more textbooks than any other does.

Rep. Flynn stated, "I fully support the recent decision made by the SBOE." He continued: "Anti-Christian rhetoric is inappropriate in a country that was founded on Judeo Christian values and tradition principals."

The resolution, introduced by former Texas school board member Randy Rives, states: "Resolved, That the SBOE will look to reject future prejudicial social studies submissions that continue to offend Texas law with respect to treatment of the world's major religious groups by significant inequalities of coverage space-wise and/or by demonizing or lionizing one or more of them over others."

The resolution, adopted on a 7-6 vote, declares, "pro-Islamic/anti-Christian half-truths, selective disinformation, and false editorial stereotypes still roil some social studies textbooks nationwide."

Rep. Flynn concluded: "I urge all Texans to support the Texas State Board of Education members who want to stop the pro-Islam/anti-Christian, anti-Judeo bias in our student's textbooks. School children should be spared the move to 'political correctness' and instead be taught a true and correct version of history."
